Suggested applications
(not limited to the uses listed).

Note: Smoke devices are single-use consumable items and are billed separately from equipment. Initial and replacement smoke consumables may be purchased as needed to support training requirements.

BLACK WHITE YELLOW RED GREEN BLUE

OP18 Smoke

Case of 25

Non-toxic and **behaves like real smoke** with thermal layers and neutral plane movement. Initiated electronically from our SIM-SMK. The OP-18 has a 90 second release time and fills a room with a dense realistic smoke. Multiple color options available. **Comes in case of 25.**

- ❌ **Wireless initiation**
- ❌ **One smoke will fill a 40ft shipping container with dense smoke**

OP75 Smoke

Case of 12

It's like the OP18, but **BIGGER**. Releases 4.5x the amount of it's little brother in 3 minutes. It's great for creating lots of smoke outside or filling large indoor spaces. Electronic initiation from our SIM-SMKXL and several color options. **Comes in case of 12.**

- ❌ **Wireless initiation**
- ❌ **One smoke will fill a 50ftx50ft space with dense smoke**

BLACK WHITE YELLOW RED GREEN BLUE

Product	Initiation	Duration (apx)	Coverage
OP18	E-match	90 Sec	70,000 cu/ft
OP75	E-match	180 Sec	310,000 cu/ft
